

REVIEW OF ACTION ITEMS

This document reports the status of Actions from the CGMS-38 meeting for review.
KMA performed 1 Permanent Action, 4 Actions from CGMS-38.

KMA REVIEW OF CGMS-37 ACTION ITEMS

Permanent Actions

1. All CGMS members to inform the Secretariat of any change in the status or plans of their satellite to allow the updating of the CGMS Tables of Satellites

KMA submitted a report (KMA-WP-02, KMA-WP-03) for the status of operational satellites

KMA submitted a report (KMA-WP-04, KMA-WP-05) for the status of follow-on satellites

Actions and Recommendations from CGMS-38

Action 38.07: CGMS Satellite Operators are encouraged to note the usefulness of RA II Pilot Project web pages on the WMO Space Programme (WMOSP) website providing information related meteorological satellites for NMHSs users, and to support the Project providing the information of satellite data and products answering to the questionnaire, which will be sent from the project co-coordinators

KMA submitted a report (KMA-WP-11)

Action 38.08: CGMS Members are invited to participate in the First Workshop on Space-based Architecture for Climate, focussing on “Continuity and architecture requirements for climate monitoring”, to be held on 13 and 14 January 2011 in Geneva

KMA participated in the first workshop on space-based architecture for climate as followed:

Dohyeong Kim

National Meteorological Satellite Center (NMSC)

Korea Meteorological Administration (KMA)

Email: dkim@kma.go.kr

Action 38.27: All satellite operators are invited to inform the CGMS Secretariat whether they will support a second AMV intercomparison study. They are also

invited to provide feedback on potential improvements and changes
(due date 31 March 2011).

*KMA will support the second AMV intercomparison study (Answered via email in 17
May 2011)*

Action 38.53: IMD and KMA are invited to nominate experts to the WMO/CGMS Task
Force on Satellite Data Codes. Deadline end of January 2011.

KMA nominated expert as following:

Jae-Dong JANG, Ph. D

Deputy Director

National Meteorological Satellite Center (NMSC)

Korea Meteorological Administration (KMA)

636-10, Gwanhyewon, Jincheon, Chungbuk, 365-831

Republic of Korea
