

CGMS LIST-SERVERS

(Submitted by the WMO)

Summary and purpose of document

To inform CGMS of the status of CGMS list-servers

ACTION PROPOSED:

CGMS Members to review the list of available list-servers and update as appropriate.

Appendix: CGMS list-servers

DISCUSSION

1. In order to allow CGMS Members to communicate via email in specific topical areas, the WMO Secretariat currently maintains several CGMS list-servers. A list-server allows anyone on a list to send an email message to everyone on a pre-defined list automatically without any intervention.
2. In order to continue email capability for CGMS, the lists of email addresses in the Appendix should be checked and updated as appropriate.
3. As an example of a list-server, if an email is sent to <cgmshp@www.wmo.ch> it will automatically be resent to the following list:

hinsman@www.wmo.ch
asmus@planet.iitp.ru
n-masuko@met.kishou.go.jp
jxusmc@public.bta.net.cn
bridge@eumetsat.de
gaertner@eumetsat.de
matsuura.naoto@nasda.go.jp
walkerm@eumetsat.de
mperkins@nesdis.noaa.gov
cgmshp@msc.kishou.go.jp
counet@eumetsat.de

4. Since CGMS-XXVI, a request has been received to exchange information between the cgmwind@www.wmo.ch list-server and the obs-xchange@fnoc.navy.mil list-server, a list-server organized by the Office of the Federal Coordinator in Washington, DC to facilitate easy exchange of information related to observational data. This exchange of emails is maintained manually by WMO and a focal point on the obs-exchange@fnoc.navy.mil list-server. The obs-xchange mailing list is a forum for the exchange of information concerning meteorological and oceanographic observational data among U.S. Government Agencies. Issues of data quantity, quality control, timeliness, decoding and reporting are appropriate for this list. This is a moderated forum and subscription requires the approval of the list administrator.
5. CGMS may wish to note that other List-Servers are maintained as follows:

ET-RQMTS@www.wmo.ch	CBS Expert Team on Data Requirements (31)
ET-SYSTEMS@www.wmo.ch	CBS Expert Team on Satellite Systems (20)
itwg@www.wmo.ch	International TOVS Study Conference (271)
sfcg@www.wmo.ch	Space Frequency Co-ordination Group (91)
amw@www.wmo.ch	Group interested in protecting active microwave frequencies (58)
pmw@www.wmo.ch	Group interested in protecting passive microwave frequencies (101)
